

ADDENDUM

Addendum: Statement on informed consent for medical photographs

Jeffrey S. Dungan, ACMG Professional Practice and Guidelines Committee

Addendum to the following document: “Informed consent for medical photographs.” Dysmorphology Subcommittee of the Clinical Practice Committee, American College of Medical Genetics. *Genetics in Medicine* 2:353-355; <https://doi.org/10.1097/00125817-200011000-00010>; published November 2000.

ARTICLE INFO

This document was retired by the American College of Medical Genetics and Genomics (ACMG) Board of Directors as of July 14, 2022 with the following addendum:

Article history:

Received 19 July 2022

Accepted 20 July 2022

It was the belief of the Professional Practice and Guidelines Committee members that this document is outdated and is superseded by local institutional requirements for photography consent.

Conflict of Interest

The author declares no conflict of interest.
